

Unity at the Lake in South Lake Tahoe is seeking a new Music Director (paid position):

Are you looking to share your love of music in a community of positive, open-hearted, spiritual (not religious) folks? Or do you perhaps know someone in Tahoe who might be? Must sing & play piano or guitar, preferably piano (we have a keyboard).

Our music is positive, contemporary and drawn from different genres and traditions, especially New Thought. We have many eager and talented singers/musicians who generally join in on Sundays in different combinations, but there may be times you'll be singing and playing solo.
